

**Broadmoor Garden Club  
General Meeting Minutes  
March 11, 2022**

**Call to order:** 9:34

**President:** Jennifer Sundman

-Jennifer welcomed everyone and read an excerpt about the original “Bloomer Girl”, Julia Archibald Holmes, the first documented woman to summit Pikes Peak in the mid 1800s (after WALKING from Kansas)...scandalously wearing bloomers under her knee-length skirt. Member Ruth Weed coined this name for BGC field trips, and we suspect Julia was the inspiration.

-There were not any corrections, nor additions, to the February 2022 minutes; the minutes were approved as posted. Thank you to Kate and Beth.

- ROLL CALL - both Actives and Affiliates due to vote (45 actives, 7 affiliates)

CALENDAR:

The committee recommended we grant \$1K to the El Paso County's Bear Creek Nature Center to further the educational impact of the pollinator gardens by adding additional signage regarding the benefits of planting native flowering plants. They will also add several new native plants and signage for the "insect hotel" in the garden area. The hotel is a refuge for insects and gives visitors an idea of how they can create and augment habitat in their own yards.

The committee also recommended a grant of \$1K to the North End Woodlands to plant, stake, and water (for 3 years) two trees.

**Mickey Wallace moved to approve the Civic Committee's recommendation to grant \$1,000 each to Bear Creek Nature Center and North End Woodlands. The motion was seconded by Susan Wallnutt and unanimously approved by the membership.**

The committee discussed their sadness at the city's losing so many large trees during last December's destructive windstorm. Joan Schulz has completed a draft grant request for \$10K from GCA's Restoration Initiative for replacement of city trees and passed it along to Jennifer Sundman as the submission must come from the Club President.
